QUICK FACTS

2026 Exhibitor Terms and Conditions

Please review our Terms and Conditions carefully prior to accepting, then click to continue.

The information noted in the 2026 Terms and Conditions is subject to change. Please confirm any questions on these Terms and Conditions by emailing info@utahtransportationconference.com.

Admission: The purchase of each booth space includes one complimentary registration, identified as "GUEST" in the registration system, and 50% off one regular priced registration, which grants entry into the exhibit hall, all sessions, and meals. The contact person for the booth purchase does not get free entry into the exhibit hall. All booth staff and conference attendees are required to register. The 50% off registration code will be created once the booth is paid for by emailing info@utahtransportationconference.com.

No person under the age of 16 years old will be admitted in the exhibit hall during the installation and dismantling periods. All persons in the exhibit hall must have proper registration credentials.

The conference sessions, trade show and food/beverage functions are limited to attendees who have registered to attend the conference. Exhibitor personnel and all conference attendees are required to register for the conference and wear the provided badge throughout the conference duration.

Conference management reserves the right to withdraw the use of a badge used to gain admission to the exhibit hall by any person other than the one for whom it was assigned. Conference management reserves the right to refuse to admit and eject from the conference and exhibit hall any objectionable or undesirable person or persons, for any reason, as determined by conference management; and on the exercise of this authority, the exhibitor, employees, and agents, hereby waive any right and claim of damages against conference management.

Booth Set Up and Tear Down: All exhibitors shall set up booths on Monday October 26, 2026 starting at 10 a.m. and be finished no later than 6 p.m. Conference Management will be clearing the exhibit hall and locking the doors at 6 p.m. sharp. Large vehicles/exhibits shall be loaded

into the exhibit hall Monday October 26, 2026 between 8 a.m. and 10 a.m. Exhibitor booth tear down is allowed Thursday October 29, 2026 between 1 p.m. and 4 p.m. Violation of these time frames may result in an additional fee. For any issues concerning these time frames please email info@utahtransportationconference.com.

Booth Space Activities: Booth activities, to include signs, banners and backdrops, may not block or impede the main walkway or adjacent exhibitors and must be contained in the designated booth space. Any activity that is determined to be a nuisance or creates an issue with adjacent exhibitors may be removed, suspended or resolved by conference management and exhibitor may hereby waive any right and claim of damages against conference management. Any activity conducted in a booth space that causes noise or disruption (i.e. games) must be approved by October 16, 2026 by the conference committee. Please request approval by sending an email to info@utahtransportationconference.com.

Food and Beverages: Food and beverages inside the Mountain America Exposition Center are handled exclusively by SodexoLive!. Please contact SodexoLive! to request the Sampling Policy and Guidelines. For any requests or orders please contact Alisi Kaihau at alisi.kaihau@sodexo.com. Exhibitors that receive permission to provide food or beverages must submit that information to info@utahtransportationconference.com.

Violations: Booth set up and tear down not completed in the approved timeframe will be subject to a \$500 fine. Violations of the Food and Beverage Sampling Policies may result in the exhibitor paying fees or not being allowed to give away their food or beverage and hereby waive any right and claim of damages against conference management. A \$50 fee will be charged for any badge reprint.

Drones/Unmanned Aerial Systems: Use of drones on the Mountain America Expo Center property is prohibited. For any questions, please contact info@utahtransportationconference.com.

Additional Facility Rules: As an exhibitor at the Mountain America Exposition Center, you are required to comply with the facility's policies and procedures regarding fire safety, food samples, decorating, and other general operating policies. This requirement is imposed upon you as a subcontractor through your specific event contractor. Below are specific policies that we would like to bring to your attention. For a comprehensive list of policies, please visit the [Mountain America Exposition Center](#) website.

Decals & Stickers

Adhesive-backed decals, stickers and chewing gum may not be distributed anywhere on the premises.

Decorations

Decorations are not permitted on ceilings, painted surfaces, columns, fabric, windows, decorative walls, or fire sprinklers. All decorative materials must be flameproof in accordance

with fire regulations.

Fire Safety Rules & Regulations

The NFPA 101 Life Safety Code and the International Fire and Building Code are the established standards for review of occupancies and events at the Mountain America Exposition Center. The information contained in this outline is a summary of relevant provisions contained in these Codes, as well as standard operating procedures established in cooperation with the City Fire Marshal.

All curtains, drapes and decoration must be constructed of flameproof material, or be treated with an approved flame proofing solution. Treatment shall be renewed as often as may be necessary to maintain the flame-proofing effect.

No combustible materials, merchandise or signs shall be attached to, hung from, or draped over side and rear divider draperies of booths, or attached to table skirting facing aisles, unless flame proofed.

All exits, hallways and aisles are to be kept clear and unobstructed at all times.

Storage of any kind behind the drapes or display walls or inside display areas is prohibited. All cartons, crates, containers and packing materials that are necessary for repacking shall be removed from the show floor. Consideration will be given for the storage of crates outside of the facility. Contact Conference Management for available areas by email at info@utahtransportationconference.com.

No exit door shall be locked, bolted, or otherwise fastened or obstructed at any time the facility is open to the public. Moreover, it shall be unlawful to obstruct, or reduce passageway or other means of egress. Additionally, all required exits shall be so located as to be discernible and accessible with unobstructed access thereto.

There shall be no obstruction blocking exit doors from the outside of the facility, such as vehicles parked in front of the doorways or barricades across sidewalks, etc.

All sawdust and shavings shall be thoroughly treated with an approved flame-retardant product, stored, and maintained in a manner approved by the Fire Marshal. Hay and straw are not allowed in the facility.

Automobiles, trucks, tractors, machinery, and other motor vehicles utilizing flammable fuels, which are placed on display inside the facility shall have no more than ¼ tank or five gallons of fuel in the tank, whichever is less. All fuel tanks shall be locked or effectively sealed, and at least one battery cable disconnected from the ignition system. Ignition keys for vehicles on display shall be kept by Conference Management or a responsible person at the display location for removal of such vehicles from the building in the event of an emergency. All vehicles, to include unhitched trailers, on display will be required to have a working smoke detector placed inside.

The use of liquefied petroleum gases (LPG) and/or propane and compressed natural gas (CNG) inside the building, tents or other areas is strictly prohibited, except for demonstration purposes when approved by the Fire Marshal. Maximum LPG allowed for exhibition purposes is a 16-oz. non-refillable cylinder.

All trash and refuse shall be removed daily from the facility.

All electrical wiring shall be installed in a manner approved by facility management.

All standpipes shall be kept clear and unobstructed at all times.

All appliances fired by natural gas shall be approved by the facility Engineering Manager and Fire Marshal and be installed in accordance with NFPA 54 National Fuel Gas Code before being used.

The Fire Marshal must approve the use of welding and cutting equipment for demonstration purposes.

No curtains, drapes or decorations shall be hung in such a manner as to cover any exit signs.

No vehicles shall be parked in fire lanes outside the facility.

No flammable liquid or material shall be used or admitted inside of the facility except by approval of facility management and Fire Marshal. Prohibited materials include, but are not limited to, kerosene, motor fuel, explosives, cryogenic gases, etc.

Artificial lighting, such as lanterns and candles, etc., requires approval of the facility management and Fire Marshal.

The use of all gas-fired heating units, either portable or stationary, needs to be approved by facility management and the Fire Marshal.

All aisles shall be maintained at a minimum of ten (10) feet clearance unless otherwise approved in advance by facility management and the Fire Marshal.

All covered structures in excess of one hundred square feet in area shall be protected by an automatic smoke detection system approved by the Fire Marshal.

Any contractor that intends to use pyrotechnics in the facility shall hold a valid federal license issued by the US Bureau of Alcohol, Tobacco, and Firearms, for the use of "low explosives." A copy of this license shall be provided to the Event Management Department at least one month prior to the event date. The use of pyrotechnics within the licensed area shall be approved by the Show management who shall remain directly responsible to the facility for all activities as described in the Use License Agreement. A complete description of the pyrotechnic activity shall

be prepared and submitted to the Facility 30 days in advance of the event and include the following information:

Permit for City Fire Department:

- Plots showing exact location, type, and number of devices
- Protective materials and equipment for activities
- Location and number of fire extinguishers for activity
- Schedule of activities, number of certified pyrotechnic operators and their locations
